

POTTORFF®

Job Title: Powder Coat Painter
Reports to: Production Supervisor
Location: Fort Worth, TX

Essential Duties and Responsibilities

- Prepare and paint aluminum louvers, sunshades, and other architectural products in a production environment.
- Knowledge of all phases of powder coat painting from materials preparation to finish paint.
- Perform adhesion tests and apply wet primer.
- Experience changing colors several times per day.
- Follow all safety regulations including keeping the work area clean and in orderly condition as well as wearing all appropriate safety attire for the job that is being performed.
- Observe machine gauges and equipment operation to detect defects or deviations from standards, and make adjustments.
- Determine paint flow, viscosity, and coating quality by performing visual inspections.
- Weigh or measure chemicals, coatings, or paints before adding them to machines.
- Select appropriate coatings, paints, or sprays in order to complete pieces.
- Set up and operate machines to paint or coat products with such materials as paint or rustproofing materials.
- Record operational data on specified forms.
- Operate auxiliary machines or equipment used in coating or painting processes.

Education / Experience Requirement

- High School Diploma or GED
- Minimum 2 years' experience painting aluminum materials.

Specific Skills Required

- Must have full knowledge of all phases of powder coat painting from materials preparation to finish paint.
- Experience changing colors several times per day.
- Must be able to perform adhesion tests and apply wet primer.
- Must be reliable and able to work mandatory overtime as needed.

Other Duties and Responsibilities

This job may include other duties and responsibilities as assigned by the supervisor. These may change as needed.
